

S4 System

The award-winning S4 Screen and Blind System enables homeowners with large door openings to enjoy the luxury of inside-outside living without the traditional compromises – insects, glare and loss of privacy. Operating with just a fingertip, Centor’s unique load balancing technology allows screens and blinds to glide smoothly across the whole door opening to effortlessly stop at any desired position. When not in use, the screen or blind retracts discreetly into the frame removing visual distractions to the view outside whilst also protecting it from damage, dust or dirt.

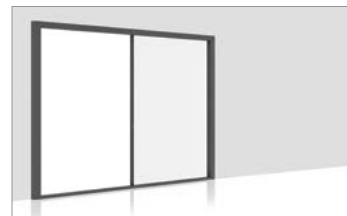

S4 Features

- Pair with new or existing doors or windows.
- Operates from any height with one hand so the youngest of family members can operate the screen.
- Screen and blind fabrics are held securely in place by top and bottom tabs, preventing screen blow-out – even in a breeze.
- The screen and blind are fully retained within the frame on all sides to allow total control of insects, sunlight and privacy.
- Can be mounted on the inside or outside – drainage holes are added to the sill for externally mounted systems.
- Sill cover is quick and easy to remove to make cleaning trouble free.
- Backed by a 5-year limited warranty.

Configurations

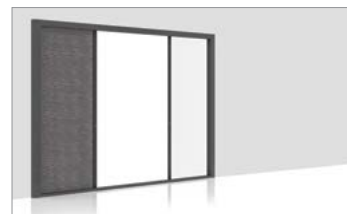

The S4 Screen and Blind System complements large sliding and folding doors. It can be fitted to the inside or outside of the opening so you can maximise inside-outside living to its full potential.

Screen and blinds are available in three configurations:

Single

A single screen or blind that extends from one side of the frame and covers the full width of the opening.

Combination

A combination of two fabric types, with one housed in each side of the frame, such as a screen from the left and a blind from the right.

Double

Two screens or blinds (in the same fabric option), which meet at any point along the opening.

Frame size

Suited for larger door openings, S4 can go up to 3200mm high and 9185mm wide.¹

Fabric type	Overall frame width (mm)			Overall frame height (mm)	Install location	
	Single	Combo	Double ²		Inside	Outside
Standard weave mesh	1015 – 4611	–	1015 – 9013	815 – 3200	✓	✓
Tight weave mesh	1015 – 4011	–	1015 – 7813	815 – 3200	✓	✓
Air weave mesh ³	1015 – 4697	–	1015 – 9185	815 – 3200	✓	✓
Boston, blackout	1015 – 3377	1015 – 3442	1015 – 6545	815 – 3002	✓	
Boston, light-filtering	1015 – 3577	1015 – 3642	1015 – 6945	815 – 3002	✓	
Tuscany, blackout	1015 – 3377	1015 – 3442	1015 – 6545	815 – 3002	✓	
Tuscany, light-filtering	1015 – 4011	1015 – 4076	1015 – 7813	815 – 3002	✓	
Sun-filter	1015 – 3377	1015 – 3442	1015 – 6545	815 – 3200		✓

¹ Fabric widths are established by fabric thickness. Variations in fabric thickness may mean the maximum width can not be achieved. In these cases we offer an alternative colour or fabric type or an extended lead time to allow fabric to be resupplied from the mill.

² All screens over 5910 with require frame joiners to the head and sill.

³ Air weave mesh is coming soon. Please discuss availability with your Centor Representative.

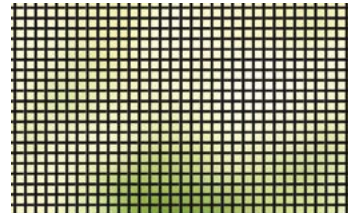

Aluminium frame

S4 is constructed from durable aluminium. Select from one of our popular standard colours below, one of the many other Centor standard colours available by visiting www.centor.com/screens or by specifying your own custom powder-coat colour to match existing doors and windows.

Insect screens

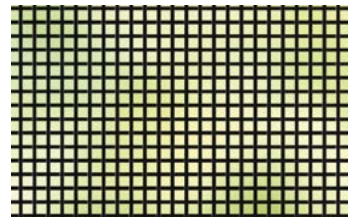

Screen mesh is available in three different weave styles with no pleats or sliding panels to detract from the view:

Air weave – coming in 2020

New, state-of-the-art mesh which improves airflow and visibility by 30% when compared to our standard weave mesh.

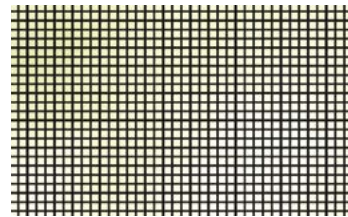

Openness: 58%

Standard weave

Keeps insects like moths, flies and mosquitoes outside, while standing the test of time with a durable polyester/PVC mesh construction.

Openness: 46%

Tight weave

Made from the same durable material as our standard weave but features a smaller aperture to protect homeowners against tiny insects like midges.

Openness: 37%

Blinds

Interior blinds

Luxury blind fabrics available in exterior, light-filtering and blackout with a choice of stylish patterns and a range of colours to suit every home.
