Centor S4 Screen

The award-winning S4 Screen allows homeowners with large doors to enjoy the luxury of inside-outside living without the traditional compromises: insects, glare and loss of privacy. Designed to fit nearly any door — folding, french or sliding — S4 delivers unparalled engineering.

Operating with just a fingertip, Centor's unique load balancing technology allows screens and shades to glide smoothly across the entire opening and effortlessly stop at any desired position.

When not in use, the screen or shade retracts discreetly into the frame, removing visual distractions to the view outside while also protecting it from damage, dust or dirt.

Finger-tip operation
Engineered to glide
from any height

Unobtrusive
Screens are there when
needed & hidden when not

Replaceable
Shades can be replaced
should tastes change

Made to order
Custom-made to your
specific requirements

Technical benefits

- Fabrics are fully retained within the frame — with no gaps — to allow total control of insects, sunlight and privacy.
- Screen and shade fabrics are held securely in place by top and bottom tabs, preventing screen blow-out – even in a breeze.
- S4 can be mounted on the inside or outside – drainage holes are added to the sill for externally mounted systems.
- Sill cover is quick and easy to remove to make cleaning trouble free.

5-YEAR
WARRANTY

Shades

Interior shades

Luxury shade fabrics are available in light-filtering and blockout options for systems mounted on the inside of the opening.

Boston
- Quartz
- Silver
- Marshmallow
- Monument
- Charcoal

Tuscany
- Parchment
- Eggshell
- White
- Ash
- Pewter

Mercury
- Snow
- Silver
- White
- Ash
- Steel

Sun-filtering shades

Perfect for reducing glare, solar heat gain and fading. Can be fitted internally or externally but a popular choice for outside given its hard-wearing, easy-clean qualities.

Sun-filter
- Sand
- Light Grey
- White
- Dark Grey
- Charcoal

Insect screens

Durable polyester/PVC mesh is available in two different weave styles to keep even the smallest insects outside.

Standard weave

Keeps insects like moths, flies and mosquitoes outside, while standing the test of time with a durable polyester/PVC mesh construction.
Openness: 46%

Tight weave

Made from the same durable material as our standard weave but features a smaller aperture to protect against tiny insects like midges.

Openness: 37%

Configurations

The S4 Screen & Shade system is available in four configurations:

Single

A single screen or shade that extends from one side of the frame to cover the full width of the opening.
Combination

A combination of two fabric types — both covering the full width — such as a screen from the left & a shade from the right.

Double

Two screens or shades (in the same fabric option), which meet at any point along the opening.
Corner

Two screens or shades (in the same fabric option), meet at a 90-degree angle opening for post-less corner openings.

Aluminium frame

S4 is constructed from durable aluminium. The frame can be powder-coated in one of our popular colours (centor.com/screens) or customised to colour match existing doors and windows[3].

Any colour

Frame size

Specially designed for large doors, S4 can span 3200mm high and 9013mm wide.[1]

Fabric type	Overall frame width (mm)			Overall frame height (mm)	Install location	
	Single	Combo	Double[2]		Inside	Outside
Standard weave mesh	1015 - 4611mm	1015 - 4676mm	1015 - 9013mm	815 - 3200mm	✓	✓
Tight weave mesh	1015 - 4011mm	1015 - 4676mm	1015 - 7813mm	815 - 3200mm	✓	✓
Boston, blockout	1015 - 3377mm	1015 - 3442mm	1015 - 6545mm	815 - 3002mm	✓

Sun-filter	1015 - 3377mm	1015 - 3442mm	1015 - 6545mm	815 - 3200mm	✓	✓

[1] Fabric widths are established by fabric thickness. Variations in fabric thickness may mean the maximum width can not be achieved. In these cases we offer an alternative colour or fabric type or an extended lead time to allow fabric to be resupplied from the mill.

[2] All screens over 5910 width require frame joiners to the head and sill.

[3] Additional fee applies.

Complementing systems

S4 Corner Screen

Insect screens &/or shades for post-less doors or windows

S2 Screen

A horizontally retractable insect screen for smaller doors or windows
