

## ZINC DIECAST HANDLES

---

TwinPoint Gen2

centor<sup>®</sup>

#### Minimal protrusion

Reduces risk of collision  
with stile and jamb

#### Versatile

Interchangeable spindle for  
various panel thicknesses

#### Economical

Affordable alternative  
to stainless steel

#### Aligned design

Keyed and non-keyed  
share same footprint

## HANDLE BENEFITS

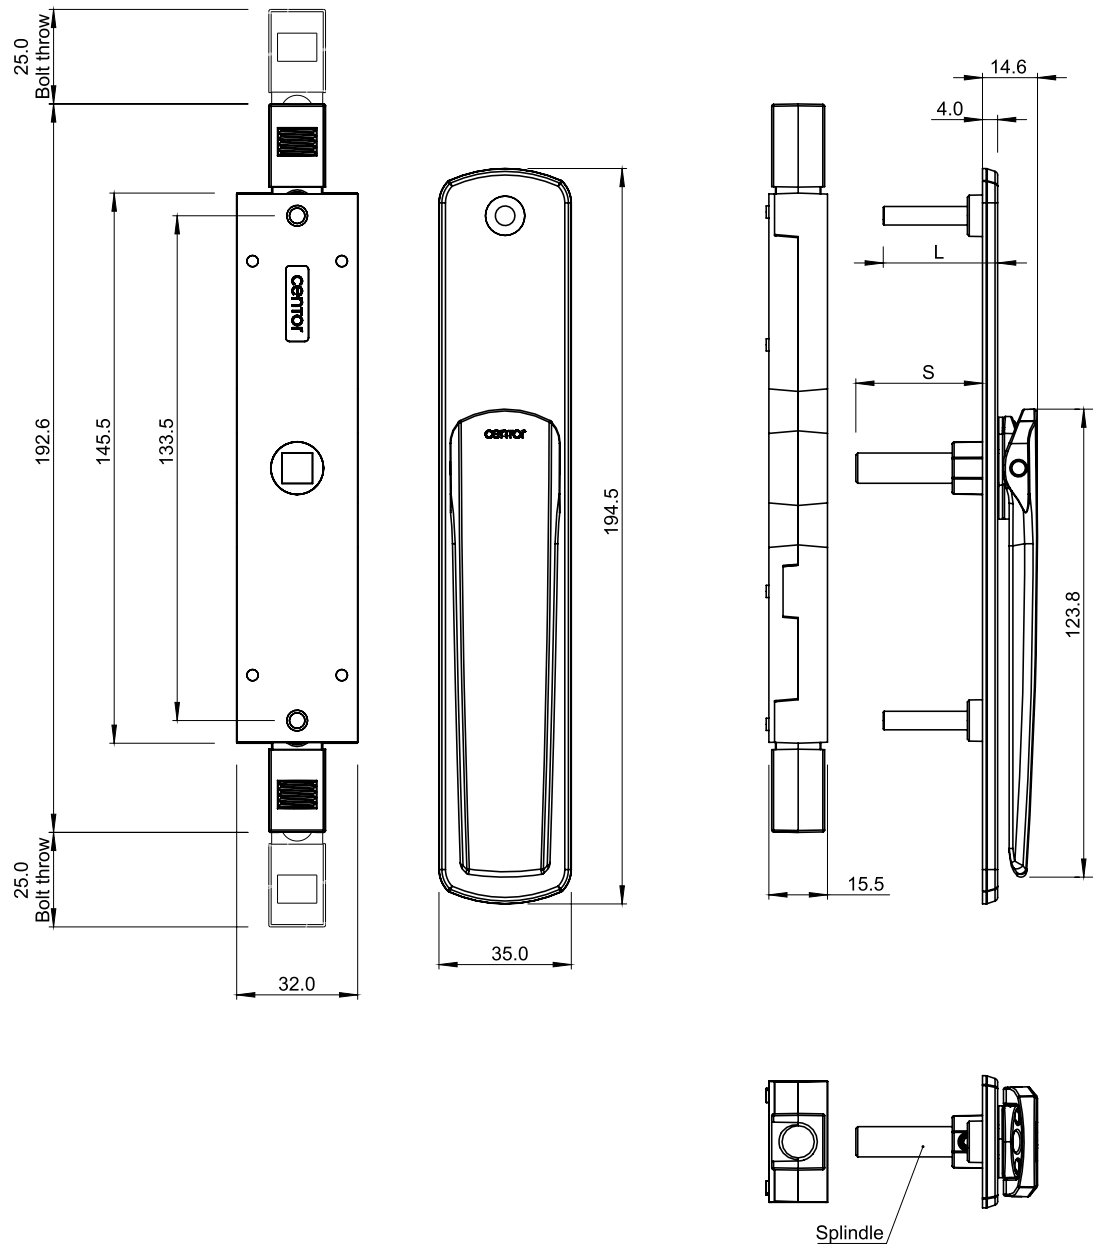

- Effortless maneuverability, a small radius, and minimal protrusion ensure the handle won't collide with the opposite stile or jamb.
- Offers an economical solution comparable to stainless steel.
- Versatility is key with its interchangeable spindle, accommodating various panel thicknesses with a single stock item.
- Adaptability is enhanced with an additional spindle kit available, catering to panels of up to 100mm.
- Consistent aesthetic appeal across keyed and non-keyed handles ensures alignment across all door system handles.

# ZINC DIECAST SINGLE HANDLE
